Sounds good. See you all at 9am.

Thanks,
Taurus

Hi Taurus, I am available to tour the FMS and Enhanced Evaporation systems, as well, so if you can accommodate one more person (myself) with Dante it would be appreciated. I have gone through the site safety training twice and will have my own PPE with me.

Chuck and Taurus,

Yes, I have firmed-up my plans and can be there at 9a on Wednesday 8/17 for the site inspection of the FMS and Enhanced Evaporation systems. I will have one other EPA colleague with me, and she has not yet done the site safety video. Thank you for accommodating us.

Sounds good, Dante.

Please let me know if you can firm up the time at least 1 day ahead. If not, we can be ready @ 9am.

Thanks Jack – I appreciate it!

Chuck – we would be looking at doing it 9 or 10a. Thanks!

Dante,

I can have someone from B&C meet you at the site and show you what you would like to see. I've copied Chuck on this note. He can help coordinate one of his folks to meet up with you.

Thanks,

-jack

Subject: Site Inspection

Taurus and Jack,

EPA will be in Yerington for an August 16th public meeting, and I wanted to take this opportunity to conduct a site inspection the morning after – Wednesday August 17th. I would like to inspect the FMS system and the enhanced evaporation system. Would you guys be able to accommodate this? It would be myself and one (possibly 2) other EPA people.

I am copying Jeryl and Dave D. in case they are interested in joining, although I know Jeryl has conducted site visits himself recently. Thank you in advance for your

cooperation!
